SUMMARY

I am a front-end developer focused on creating clean, user-centric applications that balance performance and simplicity. Skilled in React, TypeScript, React Native and Tailwind CSS, with experience translating Figma designs into responsive, accessible interfaces. Adept at full-cycle development — from planning and implementation to deployment — while maintaining a focus on usability, scalability, and maintainable code.

SKILLS

React, React Native, Tailwind CSS, JavaScript, TypeScript, HTML, CSS, Git, GitHub, Jira, Figma, Adobe Creative Suite, REST APIs, Responsive Design, UX/UI, Component Architecture, Korean

EXPERIENCE

Freelance | Frontend Developer | Mar 2024 – Present | Remote

- Designed and developed responsive web applications using React, TypeScript, and Tailwind CSS.

- Built reusable, modular components to improve efficiency and maintainability.

- Integrated REST APIs for dynamic, data-driven applications.

- Translated Figma UI/UX designs into pixel-perfect, accessible interfaces optimized for performance.

- Collaborated in Agile sprint cycles (Chingu), practicing Jira task management and peer code reviews.

JJ Know Style | Manager & Digital Marketer | Dec 2020 – Present | Atlanta, GA

- Managed daily retail operations and led marketing initiatives with Adobe Creative Suite.

- Designed promotional materials and campaigns, increasing customer engagement and sales.

- Implemented data-driven sales and inventory analysis using Excel to improve efficiency.

OneTrust | Implementation Consultant | Jan 2020 – Apr 2020 | Atlanta, GA

- Configured and deployed privacy compliance platforms (CCPA, GDPR).

- Trained end users to effectively manage compliance workflows.

Velosio | Associate Consultant | Feb 2019 – Dec 2019 | Atlanta, GA

- Implemented Microsoft Dynamics 365 ERP solutions for clients.

- Gathered requirements and delivered system training, improving adoption and efficiency.

EDUCATION
University of Georgia – Terry College of Business

BBA, Management Information Systems & Accounting | 2013 – 2018
